

TECHNICAL
SHEET
VINTAGE 2002

After difficult flowering and about 20% less sunshine than usual in July and August, the good weather in September allowed homogenous ripening of our grapes.

Harvesting took place from 29th September to 15th October.

A very classical vintage.

HARVEST

From September 29th to October 15th, 2002

BOTTLING

June 7th, 2004

DEGREE

12,5%

BLEND

Cabernet Sauvignon : 60%
