VINTAGE 2008*

After a rather rainy spring and fluctuating summer temperatures, good climatic conditions at the end of August and September rewarded our efforts.

Sunshine and moderate temperatures gave us the ideal conditions to acquire wholesome, rich and mature grapes.

The manual harvesting began on the 1st of October with Merlot, and ended with very mature Cabernet Sauvignon on the 17th of October.

In this vintage one can find the classical notes of Margaux wine, typical of encépagement of our estate.

HARVEST

From October 1st to 17th, 2008

BOTTLING

June 8th, 2010

DEGREE

12,5%

BLEND

Cabernet Sauvignon : 60%

Merlot : 40%
